SALE OF VALUABLE CITY PROPERTY - The Trustees of the University of Nashville will offer for sale at auction on Saturday next, six lots on the Franklin Turnpike between Broadway and Demumbrane streets. These lots are amongst the most valuable unimproved property in the city, and are rapidly enhancing in value. Such an opportunity to make a profitable investment should not be permitted to pass by those who have means to

The British Government has granted to the willow of the late Hugh Miller a pension of £70 per annum, in consideration of Mr. Miller's services to literature.

THE MOB SPIRIT IN DETROIT.-The Vigilance Committee of Detroit-some twelve hundred in number-have posted notices in the streets of that city, stating that, relying no longer on the aid of the police, unless within thirty days the houses of | ny's, as the best Combined Mac prostitu ion in the seventh and teath wards of that city are removed, they will receive a visit from the committee, who are determined to remove the nuisance by fore , if necessary.

The St. Louis News learns, on good authority, that Gen. Walker can secure five thousand men and a quarter of a million of dollars, besides cannon, shells, shot, amunition, and supplies to any needed amount, within thirty days notice. The money, (250,000) is ready and subject to his draft at any moment. Walker does not desire more than one thousand men, as he is satisfied that with that number he can conquer and keep possession of Nicaragua, in spite of all the Central American armies | R. F. KINCHLEY. that can be brought into the field against him. He is operating quietly at present, and keeps his own counsel; but the departure of another expedition from New Orleans, sometime the coming fall, well appointed, and with Walker at its head, is an event that may be seriously expected.

Found Our -That "retired clergyman whose sands of life are nearly run out," and who advertises so extensively that he will send a recipe for curing certain complaints on receipts of po tage stamps, &c., has been exposed. The editor of the Lancaster (Pa.) Examiner was coaxed into sending to him for his recipe, and he thus tells us about

We have spent considerable time and money in sending to these follows for their different remedies, I om the celebrated Honey down to the Rev. Dr McDangal, the retired chargyman who purposes to cure the nervous sufferer for nothing. Well, the reverend gentlemen's preparation is as follows; Alcoholic extract of ignorantia amara - 30 grs. Powdered gum arabic -10 grs.

Make forty pilis and take one three times a day Where the reverend imposter got the wonderfu medicine from it would be hard to tell. But most certainly it neither can be found in any of the medi cal or botanical books, drug stores or any other place, but must come from the inventive genius of the Ductor's head, who will send it by mail on receipt of an extra dollar, merely to pay expenses. This certainly is the most ingenious manner that has been devised yet to gull the public, and goes far ahead of Professor Oliver's fifty ways to make a fortune, which was without exception the greatest piece of swindling ever practiced on the community .- Exchange Paper.

The "retired physician" is a bit of a wag as well as an experimenter on public folly for his own profit. This "ignorantia amara" is that article better known in England as common credulity, which induces so many individuals to become self-condemned dupes, by placing the meeless voluntarily within the arts of sherpers and swindlers, who scarcely pretend to cover their frauds with even the semblance of truth or probability. It is not necessary to resort to the alcoholic extract of the article. It is sufficiently stultifying in its simple condition for all practical

The editor of the Richmond South, who was one of the ablest and most effectice of all the supporters of Mr. Buchanan's election, has no sort of respect for the Cabinet and apparently precious little for the President himself. He says in his pa-from the South in the Cabinet, the South has really but a single representative in it, the other three having been ' clearly drawn from the Democratic party with no other regard than that necessary in the distribution of the spoi's." We can only toust, as we do with great confidence, knowing Mr. Thompson's truth, zeal, and ability, that, as the single re-presentative of Southern rights, in the Administration, he will approciste the great importance of his position in the Cabinet, and make his influence felt, as far as possible, in the protection of the grave interests, not of a section, but of an integral part of the Federal

Interesting to Mechanics and Manufacturers-Third Annual Fair.

The Mechanics and Manufacturers of Tennessee and acjoining States, are reminded that the Third Annual Fair and Exhibition of the Mechanic's Institers of this State, will commence in October next in this city. The annually increasing interest manifested in these exhibitions, and visible advantages resulting to exhibitors, as well from the dissection tion of important information among themselves, as from the great publicity which they are thus en bled to give their business, renders it certain that the approaching exhibition will eclipse in magnifi cence and interest all its predecessors.

Copies of Circulars, giving full particulars, can be obtained at the Mechanic's Institute rooms, College street, opposite the Sewanee, or by addressing the President, WM. STOCKELL, or Secretary H. K. WAL-[June 25-3m.
